On the Course with Doyle

We have finally made it over the hump of summer. I am sure looking forward to some cooler temperatures. The shortage of consistent rainfall made the summer a little tricky. The growth regulator had to be applied cautiously to the greens unfortunately making the speed inconsistent at times. The high heat mixed with some wet conditions along the way made for more than ideal conditions for disease development over the past month. Mix in some localized dry spots and it has become a true juggling act. We are trying to become more proactive so that we keep disease under control and also get more growth regulators out to hopefully increase green speed before The Rountree.

This month we will continue normal maintenance as well as make preparations for the upcoming Rountree tournament. Also this month we will begin preparations for overseeding which is right around the corner. The main goal will be to start the pre-emergent weed control program to keep out the unwanted Poa Annua and other fall and winter weeds. We will also begin to raise mowing heights slightly mainly on slopes and fairways. Good luck in the tournament and have a great month.

Straight from Carl's Desk

We have one tournament that will cause the golf course to be closed for regular play. The Rountree will be on Saturday and Sunday, September 24th and 25th and this will cause the course to be closed until 12:30 PM each day. We apologize for any inconvenience.

Mark your calendars for Moon Golf on October 14th and The Club Championship on October 22nd and 23rd. You can sign up in the pro shop on the bulletin board by the bathroom.

In the market for some new golf merchandise, come by the pro shop and let us give you a price quote. If we don't have it, we can order for you. I guarantee we will save you money and you will help The Country Club out at the same time. Talk about a great scenario.

If you decide to walk to play your round of golf and did not pay for a cart, please do not ride in the cart with someone else. If we see you riding in the cart, we will charge your account the cart fee. We thank you for your understanding and cooperation.

When you are playing golf, if possible pair up with someone on the cart. Our warranty is based on the hours a cart is used, the more carts go out, the quicker the warranty expires. Also, more carts mean more golf cart traffic, which means more damage. We need all the help that we can get in this matter.

PLEASE CALL AHEAD FOR A TEE TIME! You can book a tee time up to one week in advance. Don't assume that just showing up that we will be able to get you out on the course. You can also book your tee time on our website, www.thecountryclubatlakecity.com. Thank you for your cooperation.

Have you been a member for at least a year and want a \$50 credit on your account? We have given about 145 members this credit already! All we need is a credit card number to pay your account balance on the first of each month and an e-mail address for you to receive your statement and newsletter by e-mail only. Then you will receive a \$50 credit. Please let us know!

We need your help! Please drive the carts using the 90 Degree Rule. More importantly please keep the carts off the green slopes as much as possible. Golf cart traffic causes more damage than anything else on a golf course. Please fix the ball marks on the greens, yours and others, and please fill in all the divots with sand. We thank you for your cooperation.

If you receive your statement and newsletter by e-mail and still receive it by mail and don't want to or need to, please let us know so we can stop sending it in the mail. Our goal is to have everyone that has e-mail to receive their statement and newsletter by e-mail only. If you don't have e-mail, no problem. We thank you for your help.

If you ever have an issue with something, please don't hesitate to come and see me. If I am not around, please call my cell phone, 623-2833. I always look forward to talking to all of you. We thank you for your cooperation and support.
