Call for a Tee Time

On the Course with Doyle

The time for the fall transformation of the golf course has finally arrived. The cooler temperatures have slowed turf growth significantly over the past couple of weeks. The turf has also taken on a more fall appearance by losing some its dark green characteristics signaling us that it is ready to rest for the winter. With that being said its now time for seed. This year we will be seeding greens on the 5th and 6th weather permitting. High winds or potential thunderstorms could possibly change these dates but we will be optimistic that we can remain on schedule. We will also be seeding collars and some approaches with the same seed that is being used on greens which should provide better playability as apposed to last year. Following greens and collars we will overseed tees. We will only use enough seed for color instead of playability which will allow an easier transition in the spring. Some of the tee locations may be moved around more this winter to avoid excessive wear on tee tops. Please be assured that this is not being done to increase the difficulty of certain holes but rather to give smaller tee boxes relief from excessive traffic. Finally, we appreciate your cooperation with driving habits. It has really made a difference especially areas where the green posts are located.

Happy Thanksgiving
Doyle Worthington Jr.

Straight from Carl's Desk

We don't have any outings that affect tee times this month. However, we will be overseeding on Monday and Tuesday, November 5th and 6th. This will close 9 holes each of these days. We apologize for any inconvenience and we thank you in advance for your understanding.

It is strongly encouraged to make a tee time before coming out to play. Just because you play every Thursday at 10:00 does not mean that you will be able to play at that time. We apologize for any inconvenience this might cause you.

Thank you for helping Doyle out by KEEPING THE CARTS OFF THE FAIRWAYS & GREEN SLOPES as much as possible! Please keep up the good work. Golf cart traffic causes more damage than anything else on a golf course. Please fix the ball marks on the greens, yours and others, and please fill in all the divots with sand. This is a very important time for the golf course and we need your help! We thank you for your cooperation.

When buying something from the pro shop on your account or Carl Bucks, please make sure the pro shop attendant records it properly. It is real hard for them to remember who it was that made the purchase and what it was they bought. Thank you in advance.

If you receive your statement and newsletter by e-mail and still receive it by mail and don't want to or need to, please let us know so we can stop sending it in the mail. Our goal is to have everyone that has e-mail to receive their statement and newsletter by e-mail only. If you don't have e-mail, no problem. We thank you for your help.

If you ever have an issue with something, please don't hesitate to come and see me. If I am not around, please call my cell phone, 623-2833. I always look forward to talking to all of you. We thank you for your cooperation and support.
