THANK YOU

On the Course with Doyle

Some very needed improvements to the weather finally arrived last month. The cooler temperatures and some very much needed rainfall finally gave the turf some stress relief. With the turf being at a slowed growth state it now is imperative to avoid as many undue stresses as possible. Cart traffic control being probably the most important therefore we kindly ask for everyone to avoid driving in fairways and on green/tee surrounds. Please use available cart paths as much as possible and for holes without paths please use the 90 degree rule. These efforts will help spare the turf from any unnecessary damage which will provide a better playable surface throughout the fall/winter months.

On the 4th and 5th we will be overseeding greens with only temporary closings. During the germination process we will be watering as frequently as possible to maintain adequate seed moisture without interfering with play. The majority will be at night and early morning with some brief syringing throughout the daytime hours. We will also be overseeding tees and collars this year and irrigation practices will be the same as mentioned above. Thank you and have a great Thanksgiving.

Straight from Carl's Desk

We have two events that will affect tee times this month. We have the NERA on Saturday, November 9th that will close the course until 1:00 PM. We have the Elks Club on Saturday, November 16th that will affect early tee times some, but not exactly sure until we know how many are playing. Please remember to always call the pro shop to confirm that you can or can't play on these days. We apologize for any inconvenience and we thank you in advance for your understanding.

If you plan on playing golf, please call ahead for a tee time. Just because you play every Thursday at 10:00 does not mean that you will be able to play. Thank you for helping Doyle out by **KEEPING THE CARTS OFF THE FAIRWAYS & GREEN SLOPES** as much as possible! Please keep up the good work. Golf cart traffic causes more damage than anything else on a golf course. Please fix the ball marks on the greens, yours and others, and please fill in all the divots with sand. This is a very important time for the golf course and we need your help! We thank you for your cooperation.

When buying something from the pro shop on your account or with Carl Bucks, please make sure the pro shop attendant records it properly. It is real hard for them to remember who it was that made the purchase and what it was they bought. Thank you in advance.

If you ever have an issue with something, please don't hesitate to come and see me or please call my cell phone, 623-2833. I always look forward to talking to all of you. We thank you for your cooperation and support.
